Youth Officer Report

Activity	Girls		Boys		Activity Total	No. of Sessions	Average Attendance
	5-9	10-17	5-9	10-17			
Kid Zone	127		91		218	18	12
Football/SMF sport		28		41	69	4	17
Evening Sports		7		11	18	2	9
Evening YC Activities		63		64	127	8	15
After School YC Activities		86		85	171	12	14

During May our youth services were able to continue providing our regular activities and programs including various sports, movie night, music and much more. We hosted our first Murchison Marlu Junior Football League game with a lot of community involvement and other towns coming to join us, it was well attended and a highlight for our kids.

Fair Game came to visit in May and provided a massive range of sports-based activities for all of our youth services children.

Our Tuesday night football sessions with Stephen Michael Foundation are very well attended as we get further into the Murchison Marlu junior football league season. During our Thursday evening sports sessions with Karalundi, we've been trying different sports to keep the kids engaged and developing new skills.

Kidzone continues to have great attendance and participation from our 5 to 9-year-old children. With the colder weather coming in our program may change a little to keep the kids warm.

We look forward to a fun fill June.

9.1.3 AIRPORT MANAGER'S REPORT – MAY 2024

Aircraft Movements and Statistics

General aviation, Charter & RPT service movements for May 2024 are on par with aircraft movements in May 2023. Sales of JETA1 & AVGAS are lower than the same period of 2023 and could be attributed to fair weather during May with less requirement for higher fuel holdings by aircraft. Total AVGAS drum sales for 2024 is 79% (2600 litres) lower than the same period in 2023. This could be attributed to a delay in mustering through the region due to dryer weather conditions prevailing.

Royal Fling Doctor aircraft movements continue to be lower than previous years and are continuing to decline with month on month comparison. The reasons for decline in RFDS movements through Meekatharra is not known?

The figures below reflect the differences between May 2023 and May 2024.

	May 2023	May 2024	Variance
General Aircraft Landed	115	116	+1%
RFDS Landed	60	56	-6%
Avgas	11,150	9,541	-14%
Jet A1	38,144	28,716	-24%
Total Fuel Sold	49,294	38,257	-22%

	YTD 2023	YTD 2024	Variance
General Aircraft Landed	467	424	-9%
RFDS Landed	283	211	-25%
Avgas	35,359	38,978	+10%

Background:

Financial Activity Statement Report – s.6.4

(1A) *In this regulation — **committed assets** means revenue unspent but set aside under the annual budget for a specific purpose.*

(1) *A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail —*

- (a) *annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
- (b) *budget estimates to the end of the month to which the statement relates; and*
- (c) *actual amounts of expenditure, revenue and income to the end of the month to which the statement relates; and*
- (d) *material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
- (e) *the net current assets at the end of the month to which the statement relates.*

(2) *Each statement of financial activity is to be accompanied by documents containing —*

- (a) *an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets; and*
- (b) *an explanation of each of the material variances referred to in sub-regulation (1)(d); and*
- (c) *such other supporting information as is considered relevant by the local government.*

(3) *The information in a statement of financial activity may be shown —*

- (a) *according to nature and type classification; or*
- (b) *by program; or*
- (c) *by business unit.*

(4) *A statement of financial activity, and the accompanying documents referred to in sub-regulation (2), are to be —*

- (a) *presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and*
- (b) *recorded in the minutes of the meeting at which it is presented.*

(5) *Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.*

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

9.2.4 DIFFERENTIAL RATES 2024-2025 – MINISTERIAL APPROVAL APPLICATION

Disclosure of Interest:	Nil	
Date of Report:	10 June 2024

Senior Officer:	Kelvin Matthews Chief Executive Officer	 Signature of Author

Summary/Matter for Consideration:

Council must each year, as part of the annual budget process, determine the method of levying rates on the community. Council has previously used differential rating by which to raise rates.

At the May 2024 Ordinary Council Meeting Council adopted the *Statement of Objects and Reasons / Differential Rates 2024-2025*, which included the Rates in the Dollar and Minimum Payments proposed for Differential Rating Categories for 2024-2025, and these were advertised seeking public submissions.

The purpose of this item is to present any received submissions for Council's consideration.

Council is requested to consider the submissions received and make application to the Minister for Local Government requesting approval to impose a differential general rate which is more than twice (2x) the lowest differential rate being imposed.

Attachments:

Nil

Background:

Council must determine the differential rates, and have these advertised seeking public submissions, prior to consideration of the budget.

Following the closure of the submission period (which commenced following the May 2024 Council meeting), Council is required to consider the submissions and, if the relevant values of the proposed Differential Rating Categories are outside legislative parameters, make application to the Minister for Local Government for approval to impose those rates.

Prior to making an application for Ministerial approval, Council must consider –

- The overall budgetary impact of the proposed differential rating structure,
- A draft budget and the budget deficiency identified,
- Budget efficiency measures,
- A Statement of Objects and Reasons for Differential Rates (and have this advertised for a minimum of twenty-one (21) days seeking public submissions),
- Any public submissions received,

- Alignment with the Rating Strategy contained in the Strategic Community Plan, Corporate Business Plan, and / or Long-Term Financial Plan, and
- Any other matters considered necessary for the Minister to approve or not approve an application from Council.

Comment:

By way of response to the requirements in seeking Ministerial approval, the following is a summary of the Shire’s undertakings, as required –

Overall Budgetary Impact of the Proposed Differential Rating Structure

Shown below is the budgeted rating structure used in the 2023-2024 Annual Budget –

Rates Levied in 2023-2024

Rates	Rate in \$	# Properties	Value (\$)	Revenue (\$)
GRV Town	0.093314	308	3,838,224	358,160
UV Pastoral	0.089250	45	4,133,717	368,934
UV Mining	0.191900	933	26,195,063	5,026,833
		1,286	34,167,004	5,753,927
Minimum Payments	\$	# Properties	Value (\$)	Revenue (\$)
GRV Town	400	83	34,597	33,200
UV Pastoral	400	23	15,531	9,200
UV Mining	400	339	356,638	135,600
		445	406,766	178,000
Total		1,731	34,573,770	5,931,927

During a recent Strategic Rate Review it was noted several property assessments were included in the UV Pastoral category which did not align with activities traditionally undertaken in a pastoral environment (namely roadhouses and communication towers).

To better represent the intention of Council in defining the difference between the pastoral properties and all other Unimproved Valuation properties the classification definitions were amended to ensure only properties undertaking pastoral activities were included under the Pastoral designation.

Shown over is the proposed rating structure for use in the 2024-2025 Annual Budget which was recently issued for public comment seeking submissions –

Proposed New Rates System for 2024-2025

Rates	Rate in \$	# Properties	Value (\$)	Revenue (\$)
GRV Townsites	0.095000	310	3,857,568	366,469
UV Pastoral	0.085000	39	2,394,767	203,555
UV Non-Pastoral	0.220000	835	29,208,391	6,425,846
		1,184	35,460,726	6,995,870

Minimum Payments	\$	# Properties	Value (\$)	Revenue (\$)
GRV Townsites	400	80	34,108	32,000
UV Pastoral	500	6	13,581	3,000
UV Non-Pastoral	600	379	480,225	227,400
		465	527,914	262,400

Total		1,649	35,988,640	7,258,270
--------------	--	--------------	-------------------	------------------

The overall number of property assessments has declined in the district although the overall value of the property assessments has increased; such is the nature of the mining industry which predominantly influences the Shire's rate revenue.

Shire officers have received verbal advice there is no requirement for the GRV category to have a separate label and therefore propose to amend the category from "GRV Townsites" to simply "GRV General".

Draft Budget and the Budget Deficiency Identified

The 2024-2025 Annual Budget is approaching finalisation and, with recent advice of unsuccessful grant applications for significant roadworks, will require further adjustment before adoption.

Budget Efficiency Measures

As part of the application process, the Shire is required to outline any measures undertaken to reduce the costs associated with carrying on the business of local government in the district. Some of these measures are listed below –

- Annual internal review of organisational workforce structure to best, and most cost-effectively, deliver Council services.
- Continual service delivery reviews which, in 2023-2024, included the Shire's transition into road construction of significant works due to increasing external contractor costs and, at times, delays, and some Shire cleaning services to now be undertaken by employees, not contractors.
- Successful grant applications were made to relieve some of the burden from Shire rate revenue in the supply of core services.
- Remedial works have been undertaken to several properties owned by the Shire to improve energy efficiency.
- Upgraded plant and machinery to reduce increasing maintenance costs arising from older equipment.
- Commencement of alternate work practices to reduce time spent travelling to, and from, work sites (which is considered unproductive and inefficient).
- Combining work related employee travel with the collection of Shire purchases to reduce freight costs.
- Review of, and making updates to, the Shire Purchasing Policy to ensure current economic matters are addressed and cater to escalating pricing pressure.
- Reviewing and changing service providers (where appropriate) (e.g. internet, information technology provision etc.).
- The use of Road User Management Agreements with heavy haulage users on the Shire's Road network to ensure high usage users fairly contribute to the maintenance of the Shire network.

- Coordination and consolidation of like-for-like works with external contractors to reduce mobilisation and demobilisation costs associated with the provision of contracted works and services.
- Use of external service suppliers where workload is insufficient and inappropriate in certain areas to warrant an employee (e.g., environmental health, building control, town planning, swimming pool management, ranger services etc.).
- Hosting Council business related appointments on Council meeting days to reduce additional travel reimbursement.

Statement of Objects and Reasons for Differential Rates (and have this advertised for a minimum of twenty-one (21) days seeking public submissions)

At the May 2024 Ordinary Council Meeting Council adopted the *Statement of Objects and Reasons / Differential Rates 2024-2025*, which included the Rates in the Dollar and Minimum Payments proposed for Differential Rating Categories for 2024-2025, and these were advertised seeking public submissions.

The advertised differential general rates are shown below –

Rate Category	Rate in the Dollar	Minimum Payment
GRV Townsites	0.095	\$400
UV Pastoral	0.085	\$500
UV Non-Pastoral	0.220	\$600

Pursuant to legislation, advertising occurred using the following means –

- Shire of Meekatharra Official Website (from Monday 20 May 2024)
- Shire of Meekatharra Public Noticeboards (from Monday 20 May 2024)
- Shire of Meekatharra Facebook Social Media Account (from Monday 20 May 2024)
- Publication in the *Midwest Times* (on Wednesday 22 May 2024)

The submission period closed Friday 14 June 2024 at 4:00pm.

Alignment with the Rating Strategy contained in the Strategic Community Plan, Corporate Business Plan, and / or Long-Term Financial Plan

The proposed rates and rating structure align with the current *Draft Long Term Financial Plan*, which is due for adoption by Council in July 2024.

Statutory Environment:

Local Government Act 1995

Section 6.32 Rates and service charges

When adopting the annual budget, a local government, to make up the budget deficiency, is to impose a general rate on land within the district, either uniformly or differentially, and may also impose a specified area rate, minimum payments, and service charges.

Local Government Act 1995

Section 6.33 Differential general rates

Council is to observe the provisions regarding imposing differential rates, including the ability to apply separate rates in the dollar for different rate categories and different rating classifications based on zoning, land use, and whether the assessments are based upon improved or unimproved valuations.

Local Government Act 1995

Section 6.36 Local government to give notice of certain rates

If differential rating is to be applied, Council is required to advertise the differentials it intends to apply with local public notice for a minimum of 21 days and invite submissions in relation to the proposed differentials.

A document is required to be made available for inspection by electors and ratepayers describing the objects of, and reasons for, each proposed rate and minimum payment.

Council is then required to consider any submissions received and may make a final resolution in relation to the setting of the rates in the dollar and the adoption of the Annual Budget.

Policy Implications:

04.10 – Rating Policy

Provides guidance on the collection and application rates in a consistent and economically sustainable manner.

Budget/Financial Implications:

The application of differential rating is about apportioning the rate revenue required between different rate categories and rating classifications. There are no financial implications by simply applying differential rating other than minor advertising costs.

Council could achieve the same total revenue by applying a single general rate to all properties in each classification however, the rate burden would fall differently than it currently is proposed to do.

Strategic Implications:

Objective – Manage resources effectively.

Priorities – Ensure governance and legislative requirements are met.

9.3.2 WA LOCAL GOVERNMENT ASSOCIATION 2024 CONVENTION

Applicant:	Nil	
File Ref:	GR.SL.001	
Disclosure of Interest:	Nil	
Date of Report:	4 June 2024	
Author:	Kelvin Matthews Chief Executive Officer	 <i>Signature of Author</i>
Senior Officer:	Kelvin Matthews Chief Executive Officer	 <i>Signature Senior Officer</i>

Summary/Matter for Consideration:

Council to consider the nomination of Councillors and the DCEO to attend the West Australian Local Government Association (WALGA) 2024 Local Government Week Convention to be held at the Perth Convention Centre from Tuesday the 8th of October 2024 to Thursday the 10th of October 2024 inclusive that also includes the nomination of voting delegates and proxy delegates.

Attachments:

Convention documentation such as the Conference Program, Registration and Convention Trade Exhibitor's Brochure will be available from the WALGA website in July 2024.

Background:

The 2024 WALGA Local Government Convention will be held at the Perth Convention Centre this year from Tuesday the 8th of October 2024 to Thursday the 10th of October 2024 inclusive. This includes the Convention and Trade Exhibition Opening Welcome Reception scheduled between 5 pm to 6:30 pm on Tuesday the 8th of October 2024 with the Gala Dinner scheduled for the evening of the first full day of the Convention on Wednesday 9th of October 2024. A Convention Breakfast session is also usually scheduled during the Convention.

WALGA requests that every year voting delegates are nominated by each local government to ensure representation at the AGM. The AGM is scheduled for 2.30pm on Wednesday 9th of October 2024. Traditionally, voting delegates would be the Shire President and the Deputy President in addition to nominating up to two proxies. However, should Council agree to attending the Convention, then the nominated Councillors attending will be nominated as Voting Delegates with the staff members attending being nominated as the proxy.

In 2024 the Deputy President and the CEO attended the conference.

Comment:

The Convention theme for this year's conference is *Innovation Ecosystem*. As noted above, Council is required to nominate voting delegates and a proxy voting delegate for the 2024 WALGA Local Government Convention. Should Council resolve to attend the Convention this is included in the recommendation below.

Attendance at the Convention provides a good opportunity for Councilors attending to not only network with other councilors but to also visit the Trade Exhibition and increase their awareness in contemporary developments in the local government sector by attending the various workshops and presentations during the Convention. The CEO has recommended that Council nominate elected members (that may include the President and/or Deputy President) and the DCEO to attend the 2024 WALGA Local Government Convention.

Councils decision at this ordinary meeting will allow for budget allocation in the 2024/25 Annual Budget that will include registration, accommodation, meals and travel expenses

Consultation:

WALGA.

Statutory Environment:

Nil

Policy Implications:

Council policy 1.06 and 3.09 provides for attendance at Conferences that includes registration, accommodation and expenses. In particular this includes the annual WALGA conference.

Budget/Financial Implications:

Attendance at the WALGA 2024 Local Government Convention would cost circa \$15,000.00 total (dependent on numbers attending) that includes registrations, accommodation, meals and travel expenses. Councils 2024-25 can include budget provision to accommodate this cost. Full registration costs in 2023 were approximately \$1,600 per attendee for registrations with a discount being offered per delegate for 'Early Bird' registration. Partner activities are an additional cost depending on which activities are chosen and not included in Councils policy.

Strategic Implications:

Background:

Council has received a written email request from the Meekatharra School of the Air for a financial donation (refer to appended correspondence).

The Meekatharra School of the Air service is available to families from many walks of life, whether it be their isolated locations, travelling family situations or just the simple fact that some students are unfortunately, unable to attend the usual mainstream school.

Comment:

The Meekatharra School of the Air advise they are applying for a Creative Arts Grant *Meekatharra School of the Air, Ocean to the Outback- Our School Yard*, and involves a program of creative thinking and problem-solving activities in examining the environment and wildlife of their so-called School Yard, Geraldton to the Outback.

Details of the grant project the Meekatharra School of the Air are applying for are outlined in the attached correspondence. The conditions of the grant are that the grant may fund up to 80% of the activity costs and where the applicant (Meekatharra School of the Air) must demonstrate at least 20% income contribution for the application to be eligible. Details of the project artist can be found at:

Subject: Grant application for Meekatharra School of the Air and mural production.

Dear Shire of Meekatharra,

Our school is applying for a Creative Arts Grant *Meekatharra School of the Air, Ocean to the Outback- Our School Yard*, and involves a program of creative thinking and problem-solving activities in examining the environment and wildlife of their so-called School Yard, Geraldton to the Outback. Three are three main components we are asking for in the grant which is for the Home Tutor Seminar for the students, their home tutors, and families.

1. Film making and movie compiling with elements of how to present and report on events happening during the Home Tutor Seminar by Myles Pollard.
2. Beach exploration and collection and photographs of seaweed, shells and other then close examination through an iPad set up for drawing and transferring to the murals facilitated by a Science Teacher.
3. Mural workshops by three artists to produce a series of murals 2.4 by 1.2 metres for display at the school and various sites around the town.

As many of the Air families live on their properties, in the Meekatharra Shire, we would like to offer you a mural indoor or outdoor for display on the buildings in Meekatharra.

This Grant is in its application stage and the Artist is Meiski McVee: <https://vasse.com.au/community-mural-painting-day/>.

The theme of the mural would focus on some environmental aspects and input from you.

The conditions of the grant are that:

This grant may fund up to 80% of your activity costs. You must demonstrate at least 20% income or your application will be ineligible.

To apply for the Grant, we need to satisfy the following and would like to ask for a tentative donation towards the murals to cover some of the grant requirements or otherwise if cannot help with the grant would you accept as a gift one of the murals. We would appreciate a reply by the 28th May as a grant needs to be in by the 30th May.

Thank you for your anticipated response.

Best Wishes

RE: SPONSORSHIP OF THE MURCHISON JUNIOR FOOTBALL CLUB

Dear Kelvin Matthews,

I am writing to you on behalf of the Murchison Junior Football League regarding sponsorship of our football club. The league is in its third year and we have had up to 80 kids attending matches on game days.

The league mainly covers Meekatharra, Mount Magnet, Cue and Yalgoo. However surrounding towns are welcome to play and recently we had a team come from the remote community of Burringurrah, which was excellent. Two games run simultaneously each Saturday which includes under 9's and under 18's. Most games are played in Cue due its central location with every other game played in a surrounding town, where possible.

The costs to run the league are low due to the volunteers and parents who give up their Saturdays to get the matches going. However, we do have expenses and are looking for sponsorship from surrounding businesses. Some of the expenses we need help to cover include:

- Lunch on game day for the kids
- Footy Equipment
- Insurance
- Umpiring fees
- Other incidentals

It would be great to get your support for the League as the kids love it. We are looking for sponsorship and any other kind of support you could provide. If you are interested in sponsoring us, please email us at murchisonfootball@outlook.com or call me on 0455 327 515.

Yours sincerely

Michelle Lowen

Date of Report:	6 June 2024	
Author:	Kelvin Matthews Chief Executive Officer	 <i>Signature of Author</i>
Senior Officer:	Kelvin Matthews Chief Executive Officer	 <i>Signature Senior Officer</i>

Summary/Matter for Consideration:

Council to consider appointing the Deputy Chief Executive Officer as Acting Chief Executive Officer during the absence of the Chief Executive Officer on annual leave.

Attachments:

Policy 2.17 extract.

Background:

Council is advised that the Chief Executive Officer (CEO) will be absent from the workplace on approved annual leave for the period 20th of July 2024 to the 29th of July 2024 inclusive.

Comment:

In accordance with Council Policy 2.17, during any extended periods of leave a person must be appointed Acting Chief Executive Officer to perform the duties of the CEO to enable the efficient functioning of the local government's administration. The CEO seeks Councils approval to appoint the Deputy Chief Executive Officer (DCEO) as Acting Chief Executive Officer (A/CEO) for the period of this leave. These dates being:

- 20th of July 2024 to the 29th of July 2024 inclusive.

The approved annual leave period is for a duration of more than seven (7) days inclusive with Councils Policy 2.17 being applicable. Councils Ordinary Council Meeting (OCM) is scheduled for Saturday 27th of July during this period.

Consultation:

Shire President and DCEO.

Statutory Environment:

Section 5.39C of the Local Government Act 1995.

Policy Implications:

Council 2023 Policy Manual # 2.17 noting that all appointments by Council of an acting CEO must be approved by an absolute majority.

Budget/Financial Implications:

Higher duties are applicable to the A/CEO appointment for the period of leave.

Strategic Implications:

Nil

Voting Requirements:

Absolute Majority

Officers Recommendation / Council Resolution:

Moved:

Seconded:

That Council approve the appointment of the Deputy Chief Executive Officer as Acting Chief Executive Officer during the absence of the Chief Executive Officer on annual leave for the period 20th of July 2024 to the 29th of July 2024 inclusive and that higher duties be paid to the A/CEO appointment for the above period.

02.17 Appointment of an Acting Chief Executive Officer

Section: Staff

History:

- Adopted: 17 April 2021
 - Reviewed & Amended: 18 May 2023
-

OBJECTIVE:

To outline the process for the appointment of an Acting Chief Executive Officer in expected and unexpected circumstances in accordance with section 5.39C. Local Government Act 1995

POLICY:

Policy for temporary employment or appointment of CEO

Section 5.39C of the Local Government Act 1995 prescribes that:

A local government must prepare and adopt a policy that sets out the process to be followed by the local government in relation to the following —*

- the employment of a person in the position of CEO for a term not exceeding 1 year;*
- the appointment of an employee to act in the position of CEO for a term not exceeding 1 year.*

** Absolute majority required.*

An application for annual leave, long service leave or any other extended period of absence made, or by the CEO is to be approved by Council. Approval cannot be unreasonably withheld.

During the extended periods of leave a person must be appointed Acting Chief Executive Officer, to perform the duties of the CEO to enable the efficient functioning of the local government's administration.

The Acting CEO can be a Shire Manager if it is deemed the person has the necessary skills and knowledge, subject to officer performance and dependent on availability and operational requirements. Council's prefers to appoint internally for the Acting CEO role however if this is not practicable a person external to the Shire may be appointed to the role.

Often for short periods of absence (eg. up to say 7 days) no acting CEO is appointed (the CEO checks emails and remains on call, if required, for any urgent statutory duties, decisions or actions).

For periods of leave up to 10 working days a Manager may be appointed to the role of Acting CEO at the discretion of the CEO, in consultation with the Shire President and in accordance with Delegation 03.01. The appointment to the role of Acting CEO must be made in writing by the CEO. Where the CEO appoints a Manager or other person to the position of Acting CEO, the CEO is to advise Council in writing (eg. email or text) of the appointment and the period to which the appointment covers.

If the CEO is not satisfied that any Manager or other employee has the required skills and knowledge to fulfil the role of Acting CEO then in consultation with the Shire President an external appointment may be made.

A Council resolution is needed to appoint an Acting CEO to fulfil the duties and exercise the powers of

the CEO for any period of leave exceeding 10 working days.

In accordance with Local Government Act 1995 – Section 5.39(1a) an employee may act in the position of a CEO for a term not exceeding one year without a written contract for the position in which he or she is acting.

Unexpected leave

In an unplanned event such as the CEO:

- takes unexpected leave
- is incapacitated
- is unable to perform their duties as a result of a disaster or crisis event
- the position falls unexpectedly vacant or
- is suspended or terminated

if Council has already appointed an Acting CEO, that person shall continue to act as CEO.

If Council have not already made an appointment of Acting CEO, and if the absence is likely to be 10 days or less, then the CEO (if she/he is able) will appoint a Manager or other suitable person to the position of ActingCEO.

If the absence is likely to be more than 10 days or the CEO is unable to make an appointment, then a Special Council Meeting shall be convened by the Shire President, so that an acting appointment can be made by Council.

NOTE: all appointments by Council of an acting CEO must be approved by an absolute majority.
