Calling for Submissions

The Meekatharra Dust is always looking for new submissions to be added to the community newsletter. We are chasing articles about things happening around town. If you have any articles with information about any upcoming community events then we want to hear from you!

The Shire of Meekatharra will pay \$100 for articles that are related to Meekatharra. Articles include short stories, poems, photos or similar. Get in contact to find out more about this opportunity.

“The Meekatharra Dust” is a non-profit community newspaper. The Meekatharra Dust is published during the first week of each month. The deadline is the 24th of the previous month.

If you have an article, a photo you would like to share or an advertisement, you can post them to: *PO Box 129, Meekatharra WA 6642* or drop them in at the Shire office. Alternatively, you can email us at: cdo@meekashire.wa.gov.au

FINDING WATER: ART EXHIBITION

Lynne Boladeras (nee Davies) recently held a solo art exhibition at Atwell Gallery in Alfred Cove. Growing up on Doolgunna Station, Meekatharra and spending much of her life at Yandil and Barwidgee Stations in the Goldfields, Lynne's love of the outback is deeply ingrained.

Based in Busselton Lynne and partner Steve spend around 3-4 months each year travelling the outback and camping at places where Lynne finds inspiration for her paintings. Preferring to travel lightly and camp in their swags they are able to traverse places a camper van or caravan can't go.

Sometimes destinations may be determined by commissions Lynne has received.

Back in Busselton Lynne spends many hours in her studio creating larger art works from the smaller pieces created during their travels. It can take up to 4 years to paint similar pieces that work well together for a solo exhibition.

'Finding Water' was the title of Lynne's latest exhibition featuring 29 landscape paintings of the Pilbara, Murchison and Western Woodlands. Whether the past or present, the availability of water has been/is vital for people in these areas.

The exhibition was opened by Phil Bianchi, bush historian and author, whose knowledge of the outback is legendary. He congratulated Lynne on her ability to showcase the outback in its true colours and form.

Out of 29 paintings, 18 were sold during the week of the exhibition as well as prints, cards and postcards of the artwork, a result Lynne was very happy with.

Lynne has already begun her next series of paintings based on a 2021 boat trip aboard The Kimberley Explorer cruising the northern WA coastline.

NOTE FROM THE EDITOR

Dear Readers,

Welcome to your March edition of the Meekatharra Dust. As the summer months draw to an end make the most of our swimming pool which will close at the end of March.

This month's feature volunteer is Rev Mitch Fialkowski who has volunteered for many years in a range of different roles.

Unfortunately the annual Meekatharra Gymkhana won't be held this year due to a lack of volunteers. Sadly this is something we are seeing more and more of in our town/area over the years.

The rain has been pretty light on so far this summer so fingers crossed March will bring us some more of that lovely wet stuff.

Don't forget the Shire is always looking for submissions to the Dust so don't be shy and send/bring in your contribution.

With Best Wishes

The Editor

CEO COUNCIL MESSAGE

Welcome to the March 2023 edition of *The Dust* CEO Council Message Report that provides information for all residents regarding the Council ordinary meeting that was held on the 18th of February 2023 as well as the Health, Building and Town Planning Committee meeting and the Annual Electors meeting that were held on the same morning.

This section of *The Dust* is intended to provide a snapshot of the issues discussed at Councils Ordinary Meetings that are held each month. The unconfirmed minutes of Council Meetings are placed on the Council website as soon as possible within the prescribed time limit whereby they are confirmed at the next scheduled Council Meeting. Furthermore, items listed on the agenda when published for the community may not include all the items that were discussed at the Council Meeting, as provision is made for councillors and/or staff to introduce late items for consideration as permitted by legislation and Councils Standing Orders. Therefore, the following resolutions are only a snapshot extract of the full meeting agenda with the entire meeting proceedings being available in the official Council Minutes that are confirmed at the next meeting of Council.

Items from the Shire of Meekatharra Health, Building & Planning Meeting 18 February 2023

Item 7.1.2 – Community Development & Services Manager’s Report

Entry Statements

Council received the draft designs for the aboriginal artwork component from the Meekatharra District High School. This will then be forwarded to the design firm to incorporate into

the overall entry statement and be presented to Council for final consideration and approval.

Lions Park

A detailed technical design by the landscape architects is in progress. A Lotterywest application was lodged for \$175k. Council have also received confirmation of \$10k sponsorship from Greenmount Resources with a number of other mining companies still considering the request. A funding application for \$15k for Arts U15k grant is in progress.

Swimming Pool Basin and Toddler Pool Works

Tenders closed on the 13th of February 2023 and staff will evaluate the tender responses between the 13th and 17th of February 2023 with Council to consider and award the successful tender at its 18th of March 2023 meeting. Contract to be signed in April 2023 with works scheduled to commence in July 2023.

Items from the Shire of Meekatharra Annual Electors Meeting 18 February 2023

Item 7.1 – Receiving of the Annual Report for 2021/2022

That the Annual Report for 2021/2022 be received.

The above resolution confirms Councils adoption of the 2021/22 Annual Report as required by legislation following the Annual Electors Meeting. A copy of Councils 2021/22 Annual Report is available on Council’s web site.

Items from the Shire of Meekatharra Ordinary Meeting 18 February 2023

Item 9.3.1 – Council Meeting Date – April 2023

That the Ordinary Council Meeting and Committee Meeting date for 15 April 2023 be changed to 22 April 2023. To comply with Local Government Act and Regulations an advertisement for the new dates be placed in the local newspaper and on the foyer noticeboard.

The above resolution was in response to the request to change the Ordinary Council Meeting originally scheduled for the 15th of April 2023 to the following week being the 22nd of April 2023. The reason being that the April 2023 meeting currently scheduled to be held on the third Saturday (15th) clashes with the Easter break in 2023 from Good Friday the 7th of April 2023 to Easter Monday 10th of April 2023 inclusive, that only allows four working days to finalize the monthly accounts and the agenda. Advertising of the change of date as required, will be undertaken.

Item 9.3.6 – Donation Meekatharra School of the Air

That Council approve a donation of \$1,000.00 to the Meekatharra School of the Air P& C

The above resolution confirms Councils approval to agree to the request from the Meekatharra School of the Air for a financial donation. Council recognizes that the Meekatharra School of the Air provides a valuable service to families that are spread across many Councils areas in the Murchison and Mid-West region,

Further Information Snippets

- Council extraordinary election – at the close of nominations 4pm on Thursday 23rd of February 2023, no nominations were received for the one (1) vacancy. Council will now be required to undertake an

appointment process to fill the vacancy. The community will be advised in due course of progress regarding the matter. Any person interested in becoming an elected member for the Shire of Meekatharra is urged to contact the CEO to find out more information.

- Wiluna-Meekatharra Road (Goldfields Highway) – as advised in previous *Dust* editions, the Shire's of Meekatharra and Wiluna continue to lobby the Minister for Transport and Main Roads WA to complete sealing the remainder of the unsealed road section of the Goldfields Highway. An e-Petition has now been arranged through the WA Legislative Council where the community can electronically sign the e-Petition. A hard copy of the Petition is also available for signing in various business outlets in Meekatharra and Wiluna.

The next Ordinary Meeting of Council is scheduled for Saturday the 18th of March 2023 and the next CEO *Council Message* column will appear in the next edition of *The Dust* in early April. Until then bye for now!

Meekatharra Cemetery

The Meekatharra Cemetery will now be open to pedestrian traffic only for the foreseeable future on a trial basis. This does not, of course, include funerals and memorial installations. Anyone requiring access via vehicle is requested to call into the shire and access will be organised.

Roads within the cemetery grounds are not clearly marked and with some graves being unidentified there is a risk of driving over graves. The shire is working with a cemetery consultant to identify as many graves as possible and update our cemetery records.

Don't fret over a new pet – know your rights

Buying a pet is a decision many people make with their hearts as well as their heads, meaning it can be a particularly devastating experience when things go wrong with a new companion.

The issues we hear about can vary – from new pets with significant health issues or not matching their description (such as size or pedigree), to breeders taking upfront deposits for litters that are never born.

That's why we have launched a new campaign to help empower new pet owners to understand how the Australian Consumer Law protects them in the same way as it does for other purchases.

Buying from a shop or breeder (that is a business) entitles you to receive an animal that matches its description, be of acceptable quality, free from significant health issues and have a healthy lifespan relative to the breed or species. Any additional promises made about the pedigree, condition, performance or other characteristics must also be upheld by the trader.

This means if you encounter a genuine pet purchase issue, you may be entitled to receive a remedy (such as financial compensation or reimbursement of out-of-pocket expenses) while still being able to keep the animal.

These protections are unlikely to apply to private sales when someone sells a pet on a one-off or ad hoc basis, so extra caution is advised if buying this way.

Ask if you can visit where the pet was born and meet its parents to check it has been well cared for, see how big it is likely to grow and what its temperament may be like.

Avoid pet scams – or inadvertently supporting a puppy farm or poor breeding practices – by not buying online if you can't meet the animal first.

If buying a pet isn't for you, consider adopting a new companion from an animal shelter or rescue.

For more information about your pet-buying consumer rights, visit the Consumer Protection [website](http://www.consumerprotection.wa.gov.au) at www.consumerprotection.wa.gov.au. If you have a genuine issue with a new pet and have been unable to negotiate a remedy, contact us on 1300 30 40 54 or email consumer@dmirs.wa.gov.au

How to avoid hiring a shady tradie

Whether you need a qualified tradesperson to tackle a home project or a handyman for a quick repair, it's important to know the operator you've hired is trustworthy and reliable.

While the majority of tradies do the right thing, we are contacted by disgruntled consumers about the minority that don't.

In the past 12 months, we have received 579 complaints about those working in trades industries, mostly to do with them failing to exercise due care and skill, as well as wrongly accepting payment.

One trader we strongly urge consumers to avoid doing business with is Kyle John Graham Feisst (also known as Chris Johnson or John Miller), an air-conditioning installer and builder of custom vehicle trailers.

Mr Feisst, who advertises under numerous business names on Facebook Marketplace – including Perth Refrigeration & Air Conditioning Repairs; Wat4Now Customs (also spelt Wot4Now Customs); Perth Air Services; and Aim Mechanical – has so far refused to resolve the 42 outstanding complaints we have received from consumers claiming to be owed \$62,000 for incomplete or no work.

To avoid being left in the lurch if a tradie fails to deliver or goes broke, we always recommend only paying a minimal deposit of about 10 per cent or, for larger jobs, negotiate progress payments as stages of the work are completed.

Paying by credit card is a good option as it provides the protection of getting a chargeback if the goods or services aren't delivered.

Pricing and overcharging are other common issues reported to us, so always get several quotes to compare prices and avoid any surprises once the job is complete. Ensure tradies are licensed (if required) or accredited by trusted industry bodies and search online for positive or negative reviews. Verify claims by asking to see previous work and speaking to past clients.

Ask to see a certificate of currency for public liability insurance, which will protect you or third parties against any damage the tradesperson may cause.

Conduct a licence search for professions such as an electrician, builder or plumber, on Building and Energy's website at www.dmirs.wa.gov.au. More information and advice about hiring tradespeople is on our [website](http://www.consumerprotection.wa.gov.au) at www.consumerprotection.wa.gov.au

BABY TIME FOR AMY

Our Community Development Officer (CDO) for the Shire, Amy Kilner (nee Thomas), has commenced her maternity leave. Amy and husband Hayden are expecting their first baby in a couple of months. Amy started with the Meekatharra Shire as the CDO in March 2020. In the past three years she has been the driver of a wide range of events for the Meekatharra community. These include our annual Festival held on the long weekend in September, the Meekatharra Community Awards held on Australia Day, quiz nights, Christmas parties, Welcome to Meekatharra events for newcomers to town and more. In her role Amy has also worked with many other organisations in town to create events and activities.

We wish Amy and Hayden all the best for the arrival of their bub.

WRITING COMPETITION

On the 6th of April 1844, Easter Saturday, John Gavin was hanged in front of the Fremantle Round House and buried without ceremony in the sand dunes nearby. Thought to be around fifteen years old, and having been sent out to the Colony to be apprenticed labour from the Parkhurst Prison on the Isle of Wight, John was convicted of murdering his employer's son, George Pollard, on a farm in Dandalup. John Gavin's tale is one of hardship and tragedy and an uncomfortable reminder of our not-so-distant past.

The John Gavin Writing Competition for WA Schools **500 word limit.**

Things that go Bang in the Night

The Hall men of Neds Creek Station had a rude awakening in the early hours of 28th March. A loud crash had them leaping out of bed and their dog completely losing her mind. The cause: the ceiling in the lounge room of the homestead had collapsed. Whilst creating an awful mess and leaving half the ceiling on the lounge room floor it was fortunate there was minimal damage with the only casualty being the glass top of a coffee table. Raelene Hall escaped the disaster as she was working in town at the time.

Meekatharra Youth Workers to Deliver Swim for Fruit

Staff from the Meekatharra Youth Centre and High School in WA's Mid West have earned their Bronze Medallion, the first step in building a swimming program in the community.

Thanks to a \$500 donation from Adflex Marketing, Royal Life Saving WA was able to offer the training program at a subsidised rate to the local shire.

Meekatharra, which means 'place of little water' in Yamatji, is set to launch Go for 2&5 Swim for Fruit, an after-school lap program for remote and regional Aboriginal communities that encourages healthy eating.

Pool Manager Shaun Ford (Fordy) with Karen Schilling, Lachlan MacDonald, Keenan Flanagan, Andrew Binsiar and Joella Flanagan

"I'm confident that gifting this donation to the Youth Centre is a sustainable investment in the local community," said Royal Life Saving Inclusion Coordinator, Triahna Coombs.

"Swim for Fruit is new to Meekatharra and this donation will go towards establishing a swimming program workforce while developing the skillset of local youth workers."

Supported by Healthway, Swim for Fruit was developed in response to a greater need for water safety, physical activity, and adequate fruit and vegetable intake amongst young Aboriginal and non-Aboriginal children in regional and remote areas of WA.

Drowning remains the leading cause of preventable death for toddlers while people in regional areas are 1.8 times more likely to drown than those in Perth's metro.

To address these factors, Royal Life Saving has been working with regional pools for more than a decade to encourage children to participate in swimming activities by rewarding them with a healthy afternoon tea.

It's hoped this investment will lead the way for future Royal Life Saving programs including Swim and Survive.

"Having community members with a Bronze Medallion opens opportunities for more support and programs to be available to the local community and prevent drowning," said Triahna.

Being waterwise in the Murchison region

Your water supply has recently been upgraded, so you can expect to notice a difference every time you turn on the tap.

Our water is a valuable resource and we can all do our bit to use it wisely. Now is a great time to pick up some new water saving habits or brush up on your old ones.

Use the half flush

Only flush toilet paper, pee and poo down the loo.

Aim for a 4-minute shower

Use a shower timer or 4-minute song to time your showers.

Only wash with a full load

Reducing your washing by just one load a week will save up to 50 litres of water.

Running taps waste water

Fill a water bottle to keep in the fridge.

To help you save water in your home, we currently have *Showerhead Swap* and *Plumbing Service* offers available for a limited time - offers end 1 May 2023.

INTERVIEW WITH A VOLUNTEER:

How long have you been volunteering?

I've been volunteering most of my life.

In Meekatharra I volunteer with St John Ambulance, Meeka Goes Green and the radio station. I am also a volunteer chaplain for all religions in Meekatharra.

What made you start volunteering?

I have volunteered for many years without actually calling it volunteering. It started with church groups and any activities they were doing. I spent a couple of weeks in Darwin with a work party following Cyclone Tracy. I see volunteering as just reaching out to help when and where I can.

What do you do as part of your volunteering roles:

St John's involves going out on ambulance calls and also doing transfers from the hospital to the RFDS plane or vice versa. With the radio station it's really anything and everything that needs to be done. We are asked sometimes by different companies, whose communication systems have gone down, to go in and see what the problem is and if we can sort it. Meeka Goes Green: Have started of late encouraging people to come and see what is available at the recycling centre for sale so I guess I am a bit of a salesperson as our location isn't in a particularly public place.

What do you like most about volunteering:

The opportunity to meet people and interact with them, especially when you move to a new town.

What's the worst aspect of volunteering?

It's not actually the worst aspect but it is your responsibility to determine how much time and effort you put into volunteering. It's no good complaining about the time you spend volunteering because that is your choice and it's up to you. It's important that you allow sufficient time for your own life and not to burn yourself out.

Do you have any interesting/funny/fascinating stories you can share?

A light hearted thing I learned from volunteering with Cyclone Tracy is never try to compete with farmers when it comes to food. They eat like horses. I thought I could keep up with but I soon learned otherwise. In regards to St John you sometimes wonder about the outcomes for the patients you transport as you don't get any feedback about it.

What people should/don't know about volunteering:

Some forget that, as a volunteer in some circumstances, you can't always say or do things your way. You need to be able to step back. Someone else may have the final say.

Do you need more volunteers?

Always. If you wish to volunteer just contact any volunteer organisation and offer your services.

Why do you think so many organisations are struggling for volunteers?

Many people are still so busy with full time paid work and a lot of grandparents, who may have volunteered, are often minding/raising grandchildren. The dwindling populations in many areas, particularly rural and remote areas is also a factor.

New Town Tradition Maybe?

Some cheeky Meekatharra youngsters thought that 'Fordy' our Pool Man was getting old and slow. This fired Fordy up and he decided to show these kids he wasn't ready for retirement yet.

The 'Race the Pool Man' FUN RUN was set for Sunday evening 5th February. The run would be from the pool to the lookout. Everyone was invited to join in, parents, teachers, nurses, police, shire, pub representatives and kids.

Feeling fairly confident Fordy set off slowly behind the bunch of kids who were fired up and determined to win. Whilst Fordy was able to pick the young people off one by one he only managed to pass the last two youngsters just prior to reaching the lookout to claim victory.

Being a good sport Fordy handed out some goodies to the youngsters who had put their heart and soul (and for some, the contents of their tummy) into the fun run.

Could this become the newest annual tradition in our town?

SCHOOL INPUT INTO WELCOME SIGNS

The Meekatharra Council last year asked the community for input into the design of new welcome to Meekatharra signs and has been tweaking and working on the design since. The Meekatharra Aboriginal Reference Group suggested that students of the Meekatharra District High School should create aboriginal artwork to feature on the entry statement, so the students got to work and created a beautiful and meaningful painting which will be incorporated into the entry statement.

Svenja Clare, the Shire's Community Development & Services Manager, was presented with a contribution from the Year 7 and 8 students of Meekatharra District High School.

This is the background story to their creativity:

'This artwork is our representation of our home, Meekatharra. It includes our two main language groups, the Yugunga-Nya and Ngoonooru Wajarri people being the centre of our home. We used colours that best represent our vast landscapes and we made our representation of our granite rocks and mines located around our home. We added people to our artwork to represent us, the children, and the dots represent all our families that live, learn and grow in Meekatharra.'

New to the Shire

Darren Friend: Finance Officer

I was happily enjoying early retirement and being Chief Domestic Engineer in the Friend family household when I answered an SOS from Kelvin Matthews and Peter Dittrich to assist within the Finance area of the Shire of Meekatharra so here I am, having signed on for a six-month relief stint working a FIFO roster. My daughter has started a teaching degree at Curtin University and my wife works in biosecurity for the Federal Government, based at Perth Airport so they won't miss me too much! I've been in Local government since I was a teenager, working with a number of Councils throughout WA, including Wiluna and Laverton so the weather isn't too much of a shock to the system in this great little town.

Donna Christie: Admin and Library Officer

I'm a long term Meekatharra local and this is my second stint working at the Shire. I have moved from just across the road at IGA to the shire offices. As well as helping with admin chores I will be taking care of the library and our Wednesday morning rhyme times. When not working I enjoy spending time with my partner and our two dogs.

I'm looking forward to the new challenge and assisting locals and visitors who come into our shire office

Welcome

Now it's even easier for regional residents to stay connected to family, friends and access essential services in Perth. In a joint initiative between the State Government and our aviation industry, capped airfares are now available for regional residents travelling to Perth and back. Affordable, everyday air travel is one way of helping regional WA get a fare go.

Flights begin on July 1, so for booking details or more information, contact the airlines, your travel agent or visit farego.wa.gov.au

Thumbs Up

To all those dog owners who do the right thing and clean up after their dog in public, helping to keep our town (and our shoes/feet) clean.

Thumbs Down

To those people who still don't know what a rubbish bin is for and continue to throw their litter around our town.

Farewell Dr Christine McConnell

February marked the end of an era for Dr Christine McConnell when she retired after an incredible 27 years working with RFDS WA whilst based in Meekatharra.

The RFDS WA acknowledged Christine's amazing period of service with an event held at Jandakot, attended by colleagues past and present. Guests shared fantastic stories about Christine's work and the incredible impact she had on the RFDS, Meekatharra and surrounding communities.

There are many people who would have cause to be very thankful for Dr McConnell for her care over those 27 years.

We hope you enjoy a wonderful retirement and thank you for your service.

Thank you to RFDS WA for allowing us to share some of their words and images

KIDS CORNER

MEEKATHARRA HISTORY

Gayle Crude came to Meekatharra recently to teach swimming lessons. Whilst here she came into the Shire to ask if we would like copies of some historical photos (see below) and information she had. Gayle's grandparents, Annie Hovel, born in Kangaroo Flat, Bendigo and Arthur Wilfred Spencer (Spinny) born in Bendigo, met and married in Meekatharra. They owned the Prohibition Mine in Meekatharra under the name of Spencers Gold Mines Ltd and operated it from the late 1930's. In 1937 the Spencers leased it to the WA Mining and Exploration Company, who promptly went bankrupt. The Liquidator prevented the Spencers from working the mine as he claimed the plant and machinery on the lease belonged to the WA Mining and Exploration Company.

Some long term Meekatharra people will remember Gayle's Uncle, Jack Spencer, who owned a garage in Main Street.
